Projects

[All About Books](#)

Html, CSS, JavaScript, API's

[SuperFacts](#)

React, BootStrap, CSS, API's

[MythInformation](#)

Python, Django, MongoDB

EXPERIENCE

Order of Saint Luke, San Antonio, Texas - *Office Associate*

October 2018 - PRESENT

- Manage and organize tax files, help keep counts of inventory, and send out reminders to members when their membership is about to expire.

Traditions Interior Design, San Antonio, Texas - *Assistant Stager*

October 2018 - PRESENT

- I help maximize the back warehouse, making it easier to find the right accessories, repair broken items, and keep track of items we need to replace.
 - stagers move items to and from their houses and advise on where accessories should go so the house looks presentable for pictures.

Big Lots, San Antonio, Texas - *Over Night Stocker*

February 2017 - June 2017

- I reorganized in the early morning, helped redesign the store when products were shifted and I helped unload/sort the truck.

EDUCATION

General Assembly, Remote - *Software Engineering Immersive*

November 2019 - February 2020
